Have a Merry Christmas!

## Meet your Fellow Members! Keith and Kathy Nesbitt

Keith was born in Kansas City, MO, but grew up in lots of places as his dad was in the military. He eventually graduated from Shawnee Mission West, and then went to KU where he met Kathy, who was born in Chicago, but grew up in Leawood. After graduating from KU, Keith was in the Air Force for 6 years flying B-52's in and out of Ft Worth, TX. **After the Air Force, Keith became a pilot for American Airlines** flying out of the Dallas/Ft Worth airport to points all over the world. Keith is now retired, and moved back to this area to be near family. Keith and Kathy have two daughters who live in the KC area. Keith and Kathy have now been married 41 years!

*Something you DIDN'T know about Keith and Kathy!* Kathy's dad had a wide assortment of hobbies, and one of them was putting together this Model A. He didn't buy a complete car; he bought parts at swap meets, or wherever he could, and assembled them in his basement in Olathe. Unfortunately he passed away before he got it started. Keith and Kathy inherited the car, joined the Ft Worth Model A Club, got it started, and got hooked on the Model A hobby!

## From the President

What a year it has been! We're going to wrap it up with a super Christmas Luncheon at Faulkner's Ranch on Sunday December 4th with the Plain ol A's, which will certainly be fun. Also, let's welcome our new Board members and our new President Glen Spielbusch! I'm looking forward to 2012!

If I don't see you on the road, I'll see you at the December Christmas luncheon! *-Lance*

## November 21st Monthly Meeting Notes

Meeting and dinner opened with prayer by George Deel. Guests were Robert Bennet, Kenny Ranta and Justin Delmar. Al Gwinn won first place in competitive horsehoes. Thanks to the ladies for service on the food line. Activities report by Neil. He gave a recap of the overnigher to Branson, highlighting the Osceola cheese stop, Lamberts, and a visit to Bob and Jodi's place. The leaves were great in some areas and others not so good. The Dixie Stampede was well worth going to. Christmas dinner on Dec 3, so bring a white elephant gift if you want to participate in this fun activity. **The dinner is from 1PM to 4PM at Faulkner's Ranch. On Dec 3 there will be a outing at the Plaza, everyone meet at Winstead's on the Plaza at 5PM if the weather cooperates. New phone # for Jenny is 816-392-1965 and for Neil is 816-392-1703 if you need to reach them.** The Independence Halloween parade was attended by 4 Model A's. Remember to turn in your membership dues and payment for Christmas dinner. Carletta held the drawing for the pot of money and it was won by Larry Sparks, and we had 73 people in attendance for this evenings Thanksgiving Dinner. Treasurer Report was given by Judy, recapping expenses and bank account balance. The program this evening was given by Chuck and Rick, they talked about how to safely walk on ice this winter. They had brought with them two different products that strap on to the bottom of your shoe to help in walking on ice. Jodi then presented to the membership the standing for new officers, those who had stepped up to fill the positions and that if no one steps up for the news letter then we will have no newsletter in the future. Jodi said that Justin will help if someone would work with him and the load would be split between two people. Technical problems: addressed by Bob Hess, brake light switch on 28 and 29 cars, replacement parts have had too short of a spring that would create a short draining the battery. Check with Bob Hess if you have to replace the spring he has some on hand. The meeting was adjourned.

Secretary Ed Muntz

### *From the Editor*

One of the most entertaining experiences of a Model A tour is called a “breakdown” or funny noise or wobble investigation, as it seems like there are never two that are the same. Here are some photos of these “experiences “ on our recent Branson, MO tour. Sometimes these issues can be avoided at gas stops, as you’ll notice all the hoods pop up after filling our tanks. As these photos show, it’s always a team effort to investigate and resolve these issues-and they are always resolved! What happens next? The tour continues to the nearest restaurant for celebration!

# CLUB ACTIVITIES

Every Monday, Wednesday & Friday 9:00 a.m. Meet at Price Chopper south of 40 Highway on Highway 7 in Blue Springs. Have coffee, discuss problems and visit with other Model A'ers. Contact: George Deel 816-229-7223.

Saturday Dec 3rd Plaza Tour We'll meet at Winstead's at 5pm, then tour the Plaza and see where it leads us! Last year Santa hitched a ride with us! Contact Jenny 816-392-1965 for details.

Do you think we'll have another surprise visit by "you know who" at the Christmas Dinner? Get your tickets now!

## TECH TIP for DECEMBER 2011

Ever wonder what that hole and cotter pin in the bottom of your flywheel housing is for. The hole is there to drain out any oil that has accumulated in the bottom of the housing. The cotter pin is there to rattle around and keep the hole from becoming clogged up with mud or dirt.

Wishing you and your family a very Merry Christmas and Happy New Year.

Happy Motoring!

Bob Hess

Looking for some bizarre Model A's, and other old cars? While viewing [www.prewarcars.com](http://www.prewarcars.com), this Snowbird was advertised for sale. If the forecasters are correct, we may need this car in the next few months! Here's the description of the car....

"Ford Model T's and Model A's were ubiquitous, reliable, strong and inexpensive. Any number of companies conceived specific applications for Fords to adapt them to specialized applications, but the \"Snow Bird\" is certainly one of the strangest. The concept was originated by Virgil White of West Ossipee, New Hampshire. Later taken on by B.P. Arps' and Adolf Langenfeld's Farm Specialty Manufacturing in Wisconsin, a Model A-based Snow Bird built by Arps was part of Admiral Byrd's 1931 Antarctic expedition. This 1929 Ford Model A Tudor Sedan with its Arps Snow Bird conversion was originally used by the New York Guard and later by a rural mail carrier. Finished in Manila Brown accented in Black, Yellow wire wheels with Taupe cloth upholstery, it drives through caterpillar style treads encompassing the rear tire and two leaf sprung auxiliary bogies on each side. The front wheels have long skis mounted just an inch or so off the ground inside the front wheels. In addition to the Snow Bird package this Model A also has an exhaust manifold heater missing only its sheet metal shrouding. An older restoration, it has been mechanically refurbished and freshly detailed cosmetically. It is an understatement to say that it will be the center of attention wherever it appears. Driving on the tracks is not recommended: the metal cleats will chew up asphalt or turf. On the other hand, coming out of the barn on a cold, crisp, snowy winter's day and setting off down a snowmobile trail it will do nothing less than stop traffic dead with amazement".

## Era Fashions-**WOMEN'S BOOTS**

Do these women's boots look familiar? If so, that means that you have probably been to a mall or shopping center recently! Styles go in cycles, and if you have a daughter or granddaughter, you'll know that young girls today are definitely "into" boots of all shapes and sizes. This is a 1930's ad for the Gaytee brand of boots found on Ebay. Obviously, the ladies of the 30's liked "bling" on their shoes just as much as they do today! We could easily fill this newsletter with articles on women's boots, but this will be enough to get you ready for our upcoming winter weather!

Our annual fall tour took us to Branson this year, and it was wonderful! Beautiful weather, gorgeous colors, and a great bunch of Model A's rolled through the countryside and into Branson. For those of you who have been there, these photos will bring back some memories...
